Elon Academy

The Elon Academy is an intensive, multi-phase, non-profit college access & success program for academically promising high school students in Alamance County with a financial need &/or no family history of college. The Summer Academy includes three consecutive summer residential experiences prior to the sophomore, junior & senior years, as well as year-round Saturday Programs for students & families. The summer after high school graduation, scholars & families participate in the Transitions to College Program. Once on their respective college campuses, College Scholars are provided with continued support through the Elon Academy College Success Program to ensure college completion.

Applicant review will begin March 24, 2025.
